Notice of Risks of Snowsports | Please Read - The holder of a ticket understands and agrees that snow sports are dangerous and include inherent risks that cannot be eliminated and that the ticket holder may experience bodily injury, death or property damage as a result of these inherent risks. Ticket holder shall abide by the Skier Responsibility Code and the Montana Skier Statute and shall obey all instructions printed on the Trail Maps, available at the ticket office. Those not following directions of the ski area may have a ticket removed without refund. No refunds. A ticket is valid only for individual making purchase and for date(s) purchased. Reselling or transferring this ticket to another individual invalidates the ticket and is a crime punishable under Montana law MCA 45-6-305.

In consideration for a ticket and the use of the facilities and ski lifts authorized by a ticket, you may be waiving your legal right to a jury trial to hold the provider legally responsible for any injuries or damages resulting from risks inherent in the sport or recreational opportunity or for any injuries or damages you may suffer due to the provider's ordinary negligence that are the result of the provider's failure to exercise reasonable care.

Montana State Code DUTIES OF A SKIER

- A skier has the duty to ski at all times in a manner that avoids injury to the skier and others and to be aware of the inherent dangers and risks of skiing.
- A skier:
 - shall know the range of the skier's ability and safely ski within the limits of that ability and the skier's equipment so as to negotiate any section of terrain or ski slope and trail safely and without injury or damage. A skier shall know that the skier's ability may vary because of ski slope and trail changes caused by weather, grooming changes, or skier use.
 - shall maintain control of speed and course so as to prevent injury to the skier or others;
 - shall abide by the requirements of the Skier Responsibility Code that is published by the National Ski Areas Association and that is posted as provided in 23-2-733;
 - shall obey all posted or other warnings and instructions of the ski area operator; and
 - shall read the ski area trail map and must be aware of its contents.
- A person may not:
 - place an object in the ski area or on the uphill track of a passenger ropeway that may cause a passenger or skier to fall;
 - cross the track of a passenger ropeway except at a designated and approved point; or
 - if involved in a skiing accident, depart from the scene of the accident without leaving personal identification; or notifying the proper authorities and obtaining assistance when the person knows that a person involved in the accident is in need of medical or other assistance.
- A skier shall accept all legal responsibility for injury or damage of any kind to the extent that the injury or damage results from inherent dangers and risks of skiing. Nothing in this part may be construed to limit a skier's right to hold another skier legally accountable for damages caused by the other skier.

High Exposure - Triple Black Diamond

Awareness should trigger conservative skiing with a focus on control, complexity of the terrain, targets, and consequences.

- EXPOSURE** High risk for injury or death in the event of a fall. Slopes are steep and continuous.
- ROUTE COMPLEXITY** Limited visibility or line of sight.
- TARGETS** Any object that increases the probability of injury or death in the event of a fall.

Big Sky also has 13 surface lifts. Individual lift hours may vary based on weather and conditions.

*Primarily real estate access only.

Visit bigskyresort.com/snow for an up-to-date lift schedule. Certain lifts are subject to weather closures. Lift operation hours may vary with snow conditions, weather, patrol requirements, and peak time periods. To cross at the various access points, you must have a valid lift ticket and trail map for the area which you are entering.
